IN REPLY PLEASE QUOTE

ASSISTANT DISTRICT COMMISSIONER'S OFFICE,
NATANYA.

No. 14 CT 42

12 October, 1942.

Assistant District Commissioner,
Tulkarm.

I transmit a copy of a letter from Mr. S. Gourdjji, clerk grade 'O' attached to this office, applying for Government assistance in obtaining for him and his family adequate accommodation in Natanya.

2. Prior to November, 1939, Mr. Gourdjji's family occupied a flat in Dr. Rubinstein's house in Natanya which he vacated at the request of the military authorities who took over the entire house. Since then Mr. Gourdjji, his wife and their five children have been occupying a one room flat in Ramat Tyomkin quarter at a rent of LP.3 p.m. This room as can be seen from the attached report of the Medical Officer, Natanya, is absolutely unsuitable for a family of 7 persons. Mr. Gourdjji is, therefore, anxious to move into different premises comprised of not less than two rooms and situated near the Government Offices in Natanya. He maintains that such two rooms can be found at a monthly rent of LP. 8.500 and provided six months' rent is paid in advance. He finds himself unable, however, to pay more than LP.4.500 p.m. and he, therefore, asks

- a. A loan of LP.51.- representing half-yearly rent in advance,
- b. A housing allowance from Government of LP.4 p.m.

/...

3. In submitting this application I should like to add that Mr. Gourdji's housing difficulties reflect adversely on his efficiency in the course of the performance of his duties. I would also add that at this time it is impossible to point out to any vacant house either in Natanya or in its adjacent quarters and it is only when funds will be in the possession of Mr. Gourdji that he will be able to negotiate for a flat.

4. Furthermore while I am in full sympathy with Mr. Gourdji's precarious situation I think that a monthly rent of LP.8.500 for a two room flat is extremely exorbitant even for Natanya. With funds in his possession it should be possible for him to find a two room flat at a monthly rent of LP.7.- and towards this end I venture to recommend the granting of a ~~tr~~ housing allowance to Mr. Gourdji which should not exceed LP.3 per month.

District Commissioner,
Samaria District.

G. S. Shinar
District Officer,
Natanya.

No. TUL. 514/10.

Tulkarm.

15th October, 1942.

Submitted.

2. This is a difficult case, but as Mr. Gourdji's previous quarters were taken over by the military authorities it is, I feel, one which should receive sympathetic consideration.

3. Alternative accomodation is not available and should it become available in the winter months it will only be possible to obtain it by paying excessive rental. I therefore suggest that consideration be given to the requisition of quarters for Mr. Gourdji under the Defence Regulations.

Nathanya, the 30th. September, 1942

Assistant District Commissioner
Natanya.
Thr' District Officer, Natanya.

Sir,

I respectfully beg to submit the following request for favour of your kind consideration.

Since the date of my moving from my flat to a small room in Ramat Tyomkin, my family which consisting of seven persons are greatly suffering from different diseases. This room is situated near the orange groves of Ramat Tyomkin and $2\frac{1}{2}$ kilometres far from Natanya. At the time of my transfer to Natanya many convenient places were available at reasonable rent. Thus I was able to find a very comfortable flat consisting of two rooms, one closed veranda, a big kitchen and a bath room at a monthly rental of LP.4.500 mils per month.

The Military found my flat to be very comfortable and suitable have ordered me to evacuate it for them in a notice sent to me, within seven days, otherwise they would evict me by force with my children. They did not worry to find for me a suitable accommodation.

As a Government servant I am entitled like any other Government servant to claim that a suitable and convenient accommodation be provided to me, at the same rent I used to pay ~~to~~ to my previous landlord, (Dr.B.Rubinstein), i.e. LP.4.500 mils.

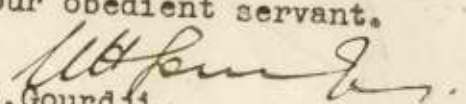

The ~~said~~ room is always full of mosquitoes and flies and quite inadequate and unhealthy for a family consisting of seven persons. The attached statement from the Medical Officer of Health, Natanya, which confirm my statement is enclosed herewith.

It is very difficult for me and my family to remain in this unhealthy room any more. The schools are at Nathanya, and it is very difficult and inconvenient for the children to walk under rain and the heat of summer all this long road every day to reach school. Most of the way is sandy. I can no longer afford to bear this state.

I have now been informed by some of Natanya brokers that in case I wish to lease a flat consisting of two rooms and conveniences in Natanya, I should at least have to pay LP.8.500 mils p.m. and provided that half year's rent is paid to the Landlord at once. As I do not possess this sum, I venture to ask Government to grant me a loan of LP.51. for this purpose which may be refunded by ~~affording~~ by a monthly deductions from my salary of LP.1.500 mils every month. I also request that the difference in rent amounting to LP.4.p.m. should either be borne by Government or by the Military.

I trust that my application will meet with your kind consideration and approval.

I have the honour to be
Sir,
Your obedient servant.

S. Gourdji.

Referring to your letter No. 76-
I beg to comment as follows:-

A. Mr. Toulson's quarters are cramped, excess-
ble, and are not, in comparison with other acco-
an annual rental of £42. It is therefore reco-
a rental contribution of 5% only.

B. It is also recommended that Insp

Appended hereto is correspondence relative to the rental charges to be made in respect of the accommodation allocated to Messrs Toulson and Nicholls at Tulkarm.

2. There is no information here by which a comparison may be made. Your District Engineer, however, will be able to supply you with the information.

3. When you have this information and are in a position to compare the premises in question with accommodation for which a rental basis has already been decided, will you please let me have your observations and recommendations.

Chairman,
Central Housing Commission.

With reference to para 2 of your minute dated the 7th May, 1942, on this office file No.W/71/41, I am directed to transmit a copy of letter No.P.64/880 of the 2nd June, 1942, addressed to me by the Inspector General of Police on the subject of the quarters in Tulkarm at present occupied by British Inspector Nicholls.

2. Recent rulings on rental contribution payable by British Inspectors include the following:-

- (a) Unmarried Inspectors in Wilson Brown buildings pay a rental equivalent to 5% of their emoluments.
- (b) Married Inspectors in Wilson Brown buildings pay a rental equivalent to 10 % of their emoluments.
- (c) Unmarried Inspectors who are compelled to reside in State Domain or Government hirings pay a rental equivalent to 5% of their emoluments.

3. In this case, I understand that British Inspector Nicholls is required to live in his present quarters and it might therefore be expected that he should pay a rental equivalent to 10% of his emoluments. It may be, however, that the quarters he occupies are so inferior that a special concession would be justified in his case.

4. I am to request you after consultation with the local housing committee to submit your recommendations on whether a special concession should be granted in respect of these quarters.

Subject:- Housing - Mr. G.D. Toulson - A.S.P.

Mr. G.D. Toulson, A.S.P., occupied a Government ^{owned} leased building on the 23rd January, 1942, at Tulkarm.

2. The premises are situated within the perimeter of the Police compound, the house is very small and consists of one sitting room, two small bedrooms, a dining niche 6 feet by 4 feet, kitchen, bathroom and lavatory.

3. Mr. Toulson is now being charged 10% rental contribution, which amounts to approximately LP.42.- per annum. If to this is added Housing Allowance at LP.24.- per annum, to which he is eligible, the rent will amount to LP.66.- per annum.

4. Accommodation of this class in Tulkarm can be obtained at a much lower rental, and I, therefore, recommend that Mr. Toulson's rental contribution be assessed at 5% instead of 10% rent, and shall be glad to receive approval accordingly.

Subject:- Tulkarm - Accommodation Mr. G.D.Toulson.
Reference: Your W/71/41 of 3-6-42.

Mr. Toulson is not accommodated in a Government leased building at Tulkarm. I am now informed by the Inspector General's office that he is accommodated in a Government owned building and the word "leased" in para 1 of Inspector General's letter No.P.64/792 of 8-5-42 was mentioned in error.

2. It appears that the question of Mr. Toulson's contribution should be considered in the light of your decision on the rental contribution paid by other married expatriate officers accommodated, by reason of their duties, in State Domains and a contribution of 5% would not be unreasonable.

3. Inspector-General's letter is returned herewith.

I refer to your letter No.V/71/41 dated the 23rd of May, 1942, concerning the married quarters occupied by British Inspector Nichols in Tulkarm and to inform you that this quarter comprises a bungalow of three living rooms which are in a very poor state of repair.

2. Although the living space is comparable with an Inspector's married quarter in a new police building, in view of the dilapidated state of the bungalow and lack of the conveniences provided in the Police building, I recommend that Inspector Nicholls should pay a rental contribution of 5% only.

3. Inspector Nicholls is living with his wife in the quarter referred to.

ASSISTANT DISTRICT COMMISSIONER'S OFFICE
TULKARM.29th July, 1946.District Commissioner,
Samaria District.

I have the honour to refer to the Director of Agricultural and Fisheries letter No. AG/2/149 dated 30.6.1946.

2. Shaker Eff. Hamad, Junior Agricultural Asst., Tulkarm is occupying a house which is the property of Mahmoud Eff. Yunis who is a teacher in Nablus.

3. This house was occupied previously by Shaker Effendi's predecessor.

4. The owner of the house is not keen to allow Shaker Eff. to remain in his house. In particular he has obtained a permit to make structural alterations and intends to do this when the house is vacated.

5. To this end he has caused to be drawn up a Notarial Notice demanding that Shaker Eff. leave the house by 13th October, 1946.

6. I have interviewed Shaker Eff. who has agreed to pursue his search for other accommodation. If he fails to find this within a month of the final date of the Notarial Notice I will be prepared to recommend requisitioning.

25 JULY 1946

I refer to your letter Q/138 of 20th June, 1946, on the subject of accommodation for the Junior Agricultural Assistant, Tulkarm. As there seems little likelihood of finding another house before the Notarial Notice expires and, in order to obviate the possibility of Shaker Eff. Hamad being ejected under a court order, I recommend that the house now occupied by this official be formally requisitioned for the purpose of continued occupation until such time as other accommodation may be available.

2. I hereby certify that this accommodation is essential in the interest of maintenance of supplies and services essential to the life of the community.

With reference to your letter No. T/15/12-184 dated the 31st May, 1946, regarding the requisition of residential accommodation for the Asst. Survey Officer, Tulkarm, I have the honour to inform you that the compensation payable in the case of requisitioned land is that laid down in Section 4(1) of the Compensation (Defence) Ordinance, 1940 (Page 125 of volume I of War Legislation). This should, where possible, be settled by agreement with the owner. Failing agreement, the owner is entitled to appeal to the General Claims Tribunal under Section 9 of the Ordinance. If, when the owner realises the procedure, you are still unable to come to an agreement with him regarding a reasonable rent you should write to me again.

Subject:- Residential Accommodation for Shaker Eff.
Hammad, Junior Agricultural Officer, Tulkarm.
Ref'nce:- My No. T/15/12-173 dated 15.5.1946 and my
T/15/12-178 dated 20.5.46 addressed to the
Junior Agric. Assistant, Tulkarm. copy to you.

Shaker Eff Hammad has just called on me. He states that his chances of finding a house at a suitable rental between now and the time when the Notorial Vacation Order, referred to in para 2 of the Director of Agricultural and Fisheries No. AG/2/149 dated 2.5.46 (Your Q/138 dated 11.5.46), ends are exceedingly slim.

The situation in Tulkarm being in no way different from elsewhere, I am in entire agreement with Shaker Eff. In fact I consider that his chances of finding a house are practically nil.

In the circumstances I urge that the Director of Agricultural & Fisheries be advised to take early steps to secure the rescindment of the Notorial Vacation Order, as otherwise Shaker Eff. will find himself thrown out with no alternative accommodation.

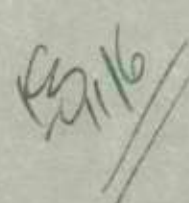

Should a house somehow become available before then, the landlord will be only too glad to take over his house which he will doubtless re-rent at a fair figure.

Assistant District Commissioner,
Tulkarm.

Subject:- Requisition of Residential Accommodation
for Asst. Survey Officer Tulkarm - Ground
Floor of House of Salim Abdul Fattah el
Haj Musa Tayeh of Tulkarm.

Ref'nce:- My T/15/12-153 dated 13.4.46.

*the
floor
below*

The owner of this house rented the first floor,
which was handed back to him, as a hotel at LP.120 p.a.
and is now demanding a similar figure from the Officer
for whom ~~the~~ was requisitioned. The Officer has there-
fore put the matter up to this Office.

On 10.2.40 the floor in question, as well as the
first floor above, were in the hands of the Army who
paid a rent of LP.100 p.a. for both.

The Gross Annual Value of the house, consisting
of the two floors, is LP.100

I seek guidance as to whether the matter should
be put up to the Tulkarm Rent Tribunal, the appointment
of which appeared in Palestine Gazette No.1262 dated
22.4.43 page 397, or whether it should be settled
administratively by the Samaria District Housing
Commission (Chairman, Central Housing Commission's
Circular No.36/16 dated 11.5.45 to Chairman, District
Housing Committee - Your No.Q/134 dated 18.5.45 -

Ref'nce:- Your No. Q/138 dated 11.5.46.

None of the houses evacuated by the Military remain
unoccupied.

To the best of my knowledge the landlord, before being
able to put him out, will have to find him satisfactory alterna-
tive accommodation.

I suggest that the best method will be for Shaker Eff
to keep close watch for such houses as many be vacated - a very
remote prospect, I fear - and apply to this Office as soon as
he does.

We can then apply to you for a requisition order.

District Commissioner,

I refer to letter number NP/17/4 dated 24.4.46 from the Agricultural Officer, Nablus, to me, with copy to you, on the subject of accommodation for the Junior Agricultural Assistant, Tulkarm, and have to inform you that the Public Notary, Nablus, has served formal notice on this officer, Shaker Eff. Hamad, to vacate the house which he now occupies at Tulkarm within six months starting from the 13th April, 1946; the reason for this notice of vacation being that the building was incomplete when occupied and additional structural work is now necessary.

2. I do not recommend that steps be taken for rescinding the Notarial vacation order as the premises at present occupied by Shaker Eff. Hamad are inadequate and unfit for habitation. Shaker Eff. had cause to complain of this previously in his letters AT/1 of 26.8.45 and 11.4.46 to the Assistant District Commissioner, Tulkarm.

158

3. As it is essential to provide Shaker Eff. with other and better accommodation, I recommend that accommodation be requisitioned for this officer from certain housing which I understand has recently been given up by the military at Tulkarm. I hereby certify that the provision of residential accommodation for Shaker Eff. Hamad is necessary in the interest of maintenance of supplies and services essential to the life of the community.

An additional survey officer has been added to the Staff of the District Survey Officer, Tulkarm, and accommodation for him has been requested by the Director of Surveys in person.

We have a room in this Office now used as store room for Village Works Tools etc which can, on a temporary basis be assigned to him if we can find another safe place to store the wheelbarrows etc.

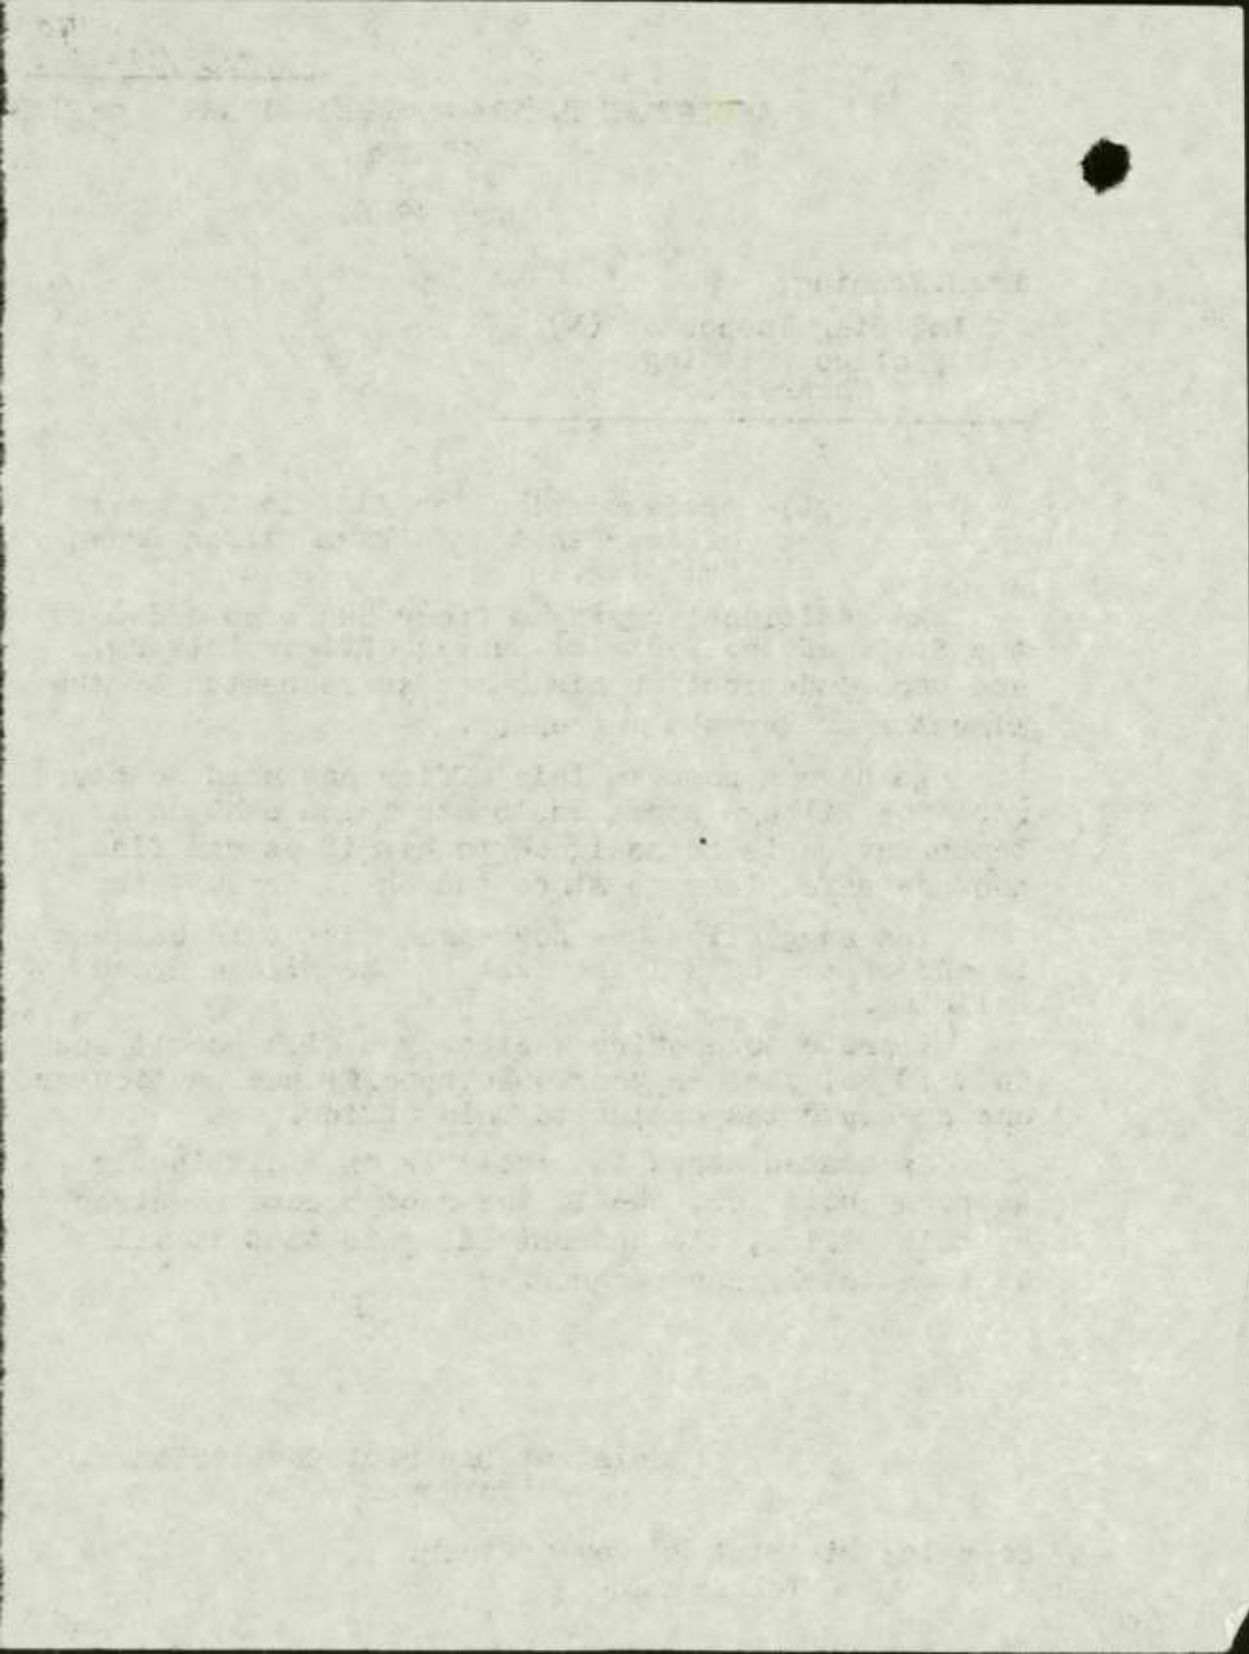

The suggestion has been made that this be done in one of the huts lying West of the Wilson Brown Building.

I write to enquire whether you will permit such and, if so, whether you would specify any particular one or leave the choice to this Office.

As stated above the whole is on a distinctly temporary basis for, should the room become required by this Office, the understanding is that it will be immediately handed back.

Subject:- Residential Accommodation for Officers

From time to time I receive applications for residential accommodation in Tulkarm for officers.

Accommodation can be secured in two ways only.

- a) amicable agreement with the landlords.
- b) requisition.

For the latter it is essential that the house be empty when requisitioned i.e. no local family be resident therein. Examples would be houses released by the Military or the house of a Govt. Officer being transferred to another place.

The Competent Authority for requisitioning is the District Commissioner, in person, and he will not sign such an order unless he receives a letter from the Head of the Dept. concerned asking him to requisition residential accommodation for so and so by name.

To summarize the two essential conditions of a requisition are

- i) An vacant house or one about to become vacant.
- ii) An order from the Head of the Dept. addressed to the Dist. Commissioner, Samaria District, in person requesting such for so and so by name.

The District Commissioner, Samaria, who is the Competent Authority for requisitioning does so when:

- a) the head of the Dept sends him a written request to do so stating the absolute necessity for such, as against ^{well} convenience.
- b) an empty house exists which can be requisitioned.

As it is unlikely that the teacher in question can produce either of the above, I suggest that he indicate the house he fancies and every effort will be made to help him rent it amicably. As is only natural, amicable negotiations mean extra rent.

Subject:- Housing.

Mr. Sami Deeb, Registrar of Lands, Tulkarm, will leave Tulkarm very shortly on transfer to Acre. Mr. Ahmad Abdul Hadi of this office has been instructed to replace him in office and residence.

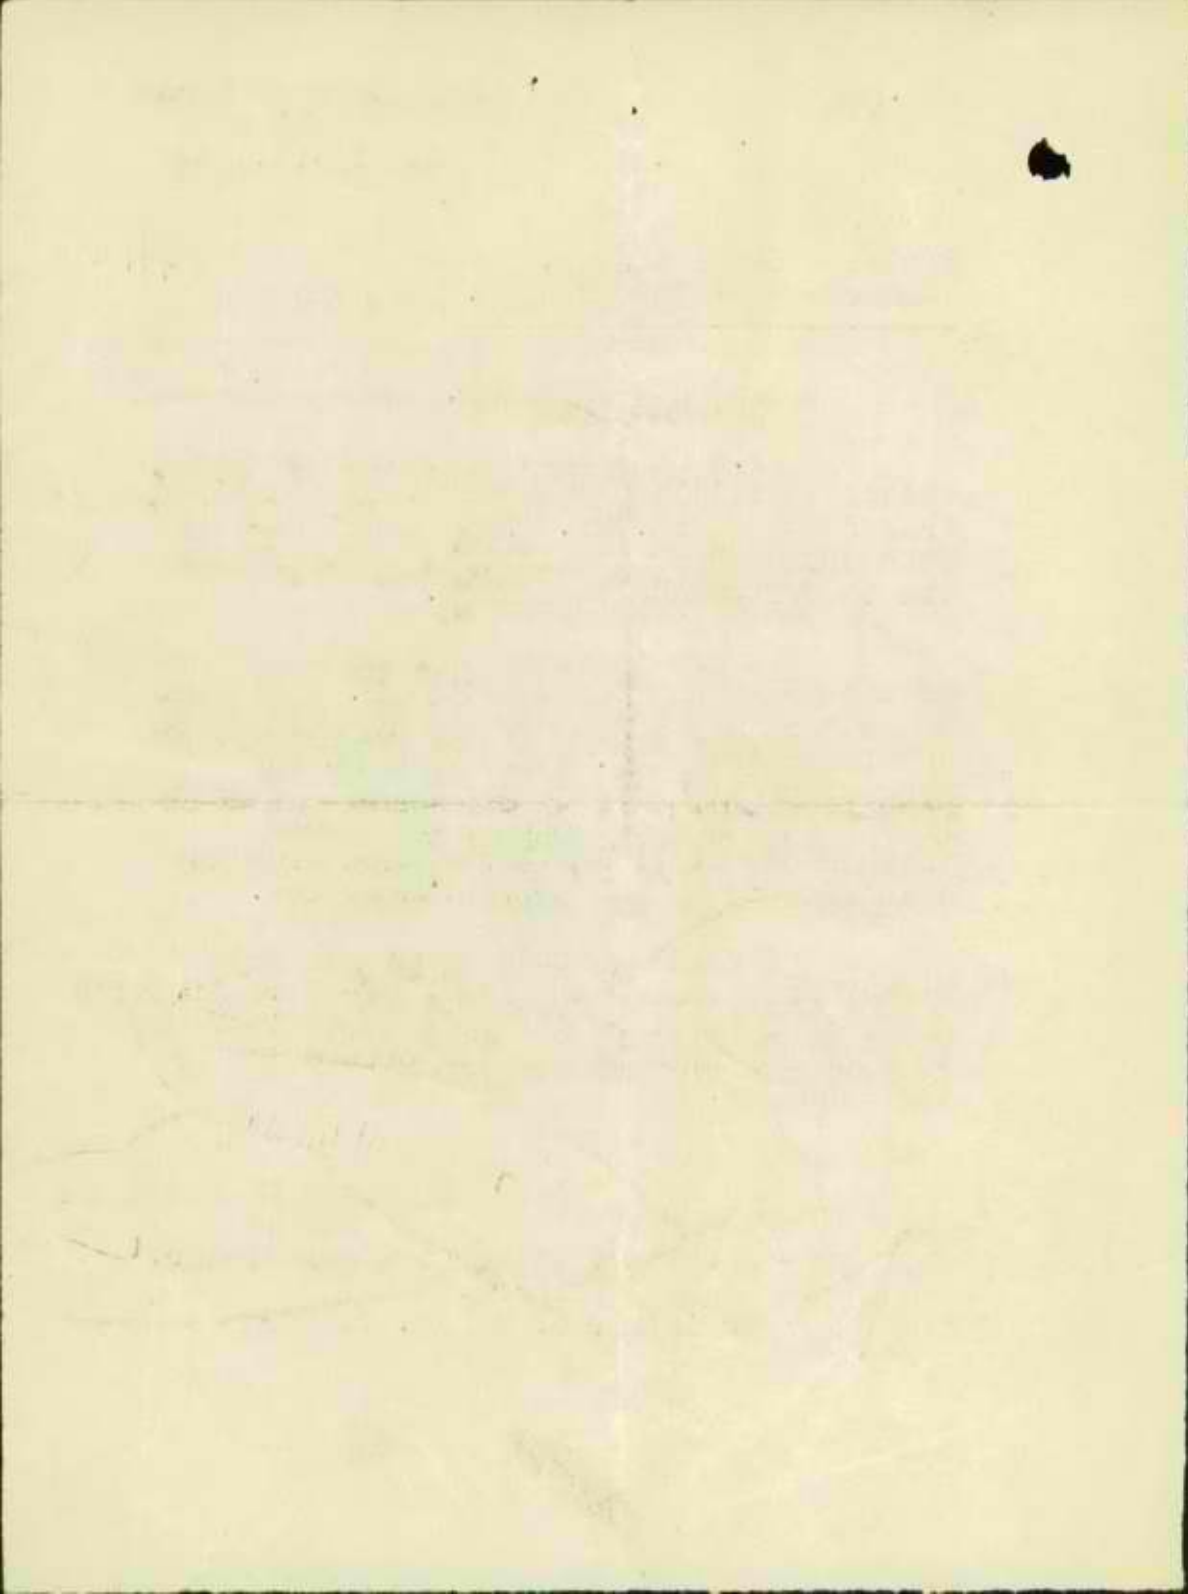

We are informed that the landlord of the house now occupied by Mr. Sami Deeb at Tulkarm may object to the re-occupation of his house by Mr. Abdul Hadi on the grounds of his need to the house and it is likely that he will occupy the house immediately after its evacuation from the house effects of the present occupier.

I shall be obliged if you will kindly arrange for the issue of a requisition order in respect of the said house in order to stop any attempt for its occupation by the landlord.

1. The house was been completed during the war, in a very poor manner, which does not prevent rain water from coming in through the windows, doors and roofs, specially Southern and Western walls.
2. The amenities such as toilet, kitchen and bath are none existent in the proper sense, walls of which are flimsy and nearing collapse.
3. The house is not foolproof, the doors being made of poor materials such as potato crates.
4. The refusal of the land lord to effect any repairs to the house, in addition to his continuous annoyance and requests to commence certain building operations within the house, for which which he has received a building permit. This building to be used by him, although the space is walled within my house.
5. The present house is insufficient to accommodate me and my family, and consists of two rooms and a corridor.

In view of the above and as the Government has decided to vacate a number of houses whether occupied by the Army or the schools, I beg that necessary steps be seriously considered for one of these houses.

With reference to my above quoted letter and in view of the many difficulties I am confronted with in my present house, which I have indicated in my above quoted letter, namely:

1. The house was built on a very poor site, which does not prevent rain water from coming in through the windows, doors and roofs, especially when it rains.
2. The facilities such as the toilet, kitchen and bath are none existent in the proper sense, while at the same time the house is very small.
3. The house is not built on a good site, and is very poor in its construction.
4. The removal of the house to a better site is being considered, and in addition to this, the house is being repaired to the best of my ability.
5. The present house is being used as a temporary accommodation for my family, and consists of two rooms and a veranda.

In view of the above and the fact that the Government has decided to vacate a number of houses which are being occupied by the army or the school, I feel that it is necessary to consider the possibility of one of these houses.

I feel that to request that a representative visit my house and report to you on its state.

ASSISTANT DISTRICT COMMISSIONER'S OFFICE
TULKARM.

15 April, 1946.

District Commissioner,
Samaria District.Subject:- Requisition of Houses at Camp 24 (Secondary
School, Tulkarm)

Ref'nce:- Your Order to A. S. P., Tulkarm dated the 14.4.46

The house of Salah ed din Eff Salah was taken over this morning by Police, the District Officer and myself accompanied by the Mukhtar. We went to the house at 9.30 a.m. and found certain men in the garden. Asked whether Yahya Eff Amin Salah was present in the house they said he was. They then called him out and I gave him to understand that I was accompanying the Police who had come to enforce your Requisition Order dated the 11th April, 1946.

Yahya Eff stated that he would not leave the house. So the Police were called. When he saw them he asked whether he would be evicted by force. I replied that he would if such proved necessary.

He then went into the house from which women's voices soon arose in various expressions of refusal, anger and criticism. There is no doubt that the intention was to provoke anger among us and get someone to go in and man - handle the women. After some twenty minutes the women left the house.

The removal of the furniture was then requested but Yahya Eff said he had no persons to do so despite the four who were in the garden and had been standing by all along. So the Police sent and got porters from the town who moved it out. This done, Yahya Eff was asked to inspect and sign for it. He claimed certain articles had been damaged in transport from the house outside, an allegation wholly false and simply indicative of the mal-intention shown. Faced with the crowd of witnesses however he climbed down.

I attach a copy of his statement and receipt witnessed by the District Officer, the Station Officer, Tulkarm, and the Mukhtar of the Quarter.

The whole business took well over two hours and gave full evidence of the obstructive attitude adopted by the family in question.

The Police, from start to finish, did nothing, but stand by and, later, guard the goods placed in the public open space in front of the house.

The house was then handed over to the Principal, Kadoorie Agricultural School, who put two guards thereon.

The District Officer understands that this provocative action was taken by the family on the advice of their advocate to prove forceful ejection. the four persons in the garden who pretended to be doing work there having been deliberately brought in as witnesses to later give evidence that force was used.

That of Salah Eff Amin Salah was signed under

That of Salim Eff Abdul Pattah had to be
posted on his door in the presence of witnesses as
he refused to sign.

Both houses have been taken over.

The fact that the Director of Education chose
a house which was never intended for lease but for
use as a family residence and turned down the two other
possible houses, both of which have all along been
rented, has caused high feeling. This was greatly
increased by the shocking condition in which this
house was found, repairs to the extent of some L.P. 600
being, I am reliably told, necessary.

Petitioner:- Salah Ed-din Amin Salah and brothers,
Tulkarm.

Subject :- Our house now occupied by the Army

Respects.

We are informed that the Army are evacuating our property and that the Dept. of Education desires to lay hands thereon through your Office.

We would submit the following:

- (1) The house was built as a family residence in 1929 and has never been rented. It was taken over on requisition by the Army in 1938 when we were ordered out of it and has remained with them until now despite the hardship we have experienced.
- (2) There is a garden of some seven dunums around the house planted with fruit trees for the use of the family from which we have benefitted nothing.
- (3) The house is in an apparently deplorable state of disrepair much of the woodwork of the doors and windows having been stolen and the rest neglected. This is also true of the floor tiling, plaster and stairs.
- (4) We have no other residential property in the town

In view of the above I trust that you will take same into account and assist in handing back the house to us.

Accept our deep respects.

(Sgd) Saleh ed dun Amin Salah.

قدمت الى طوكيو بتاريخ ١٩٢٠/١٠/١٩ لاسلام الوظيفه وعلم انه لدار كانت خاليله، سؤقت
باسلام مفتاحه في ١٩٢٥/٢/١٥. ولما كنت عماله (في ميسن وماكل ومسن) على اخذ قاي

CO-ORDINATING OFFICE

22 SEP. 1945

P-111A.

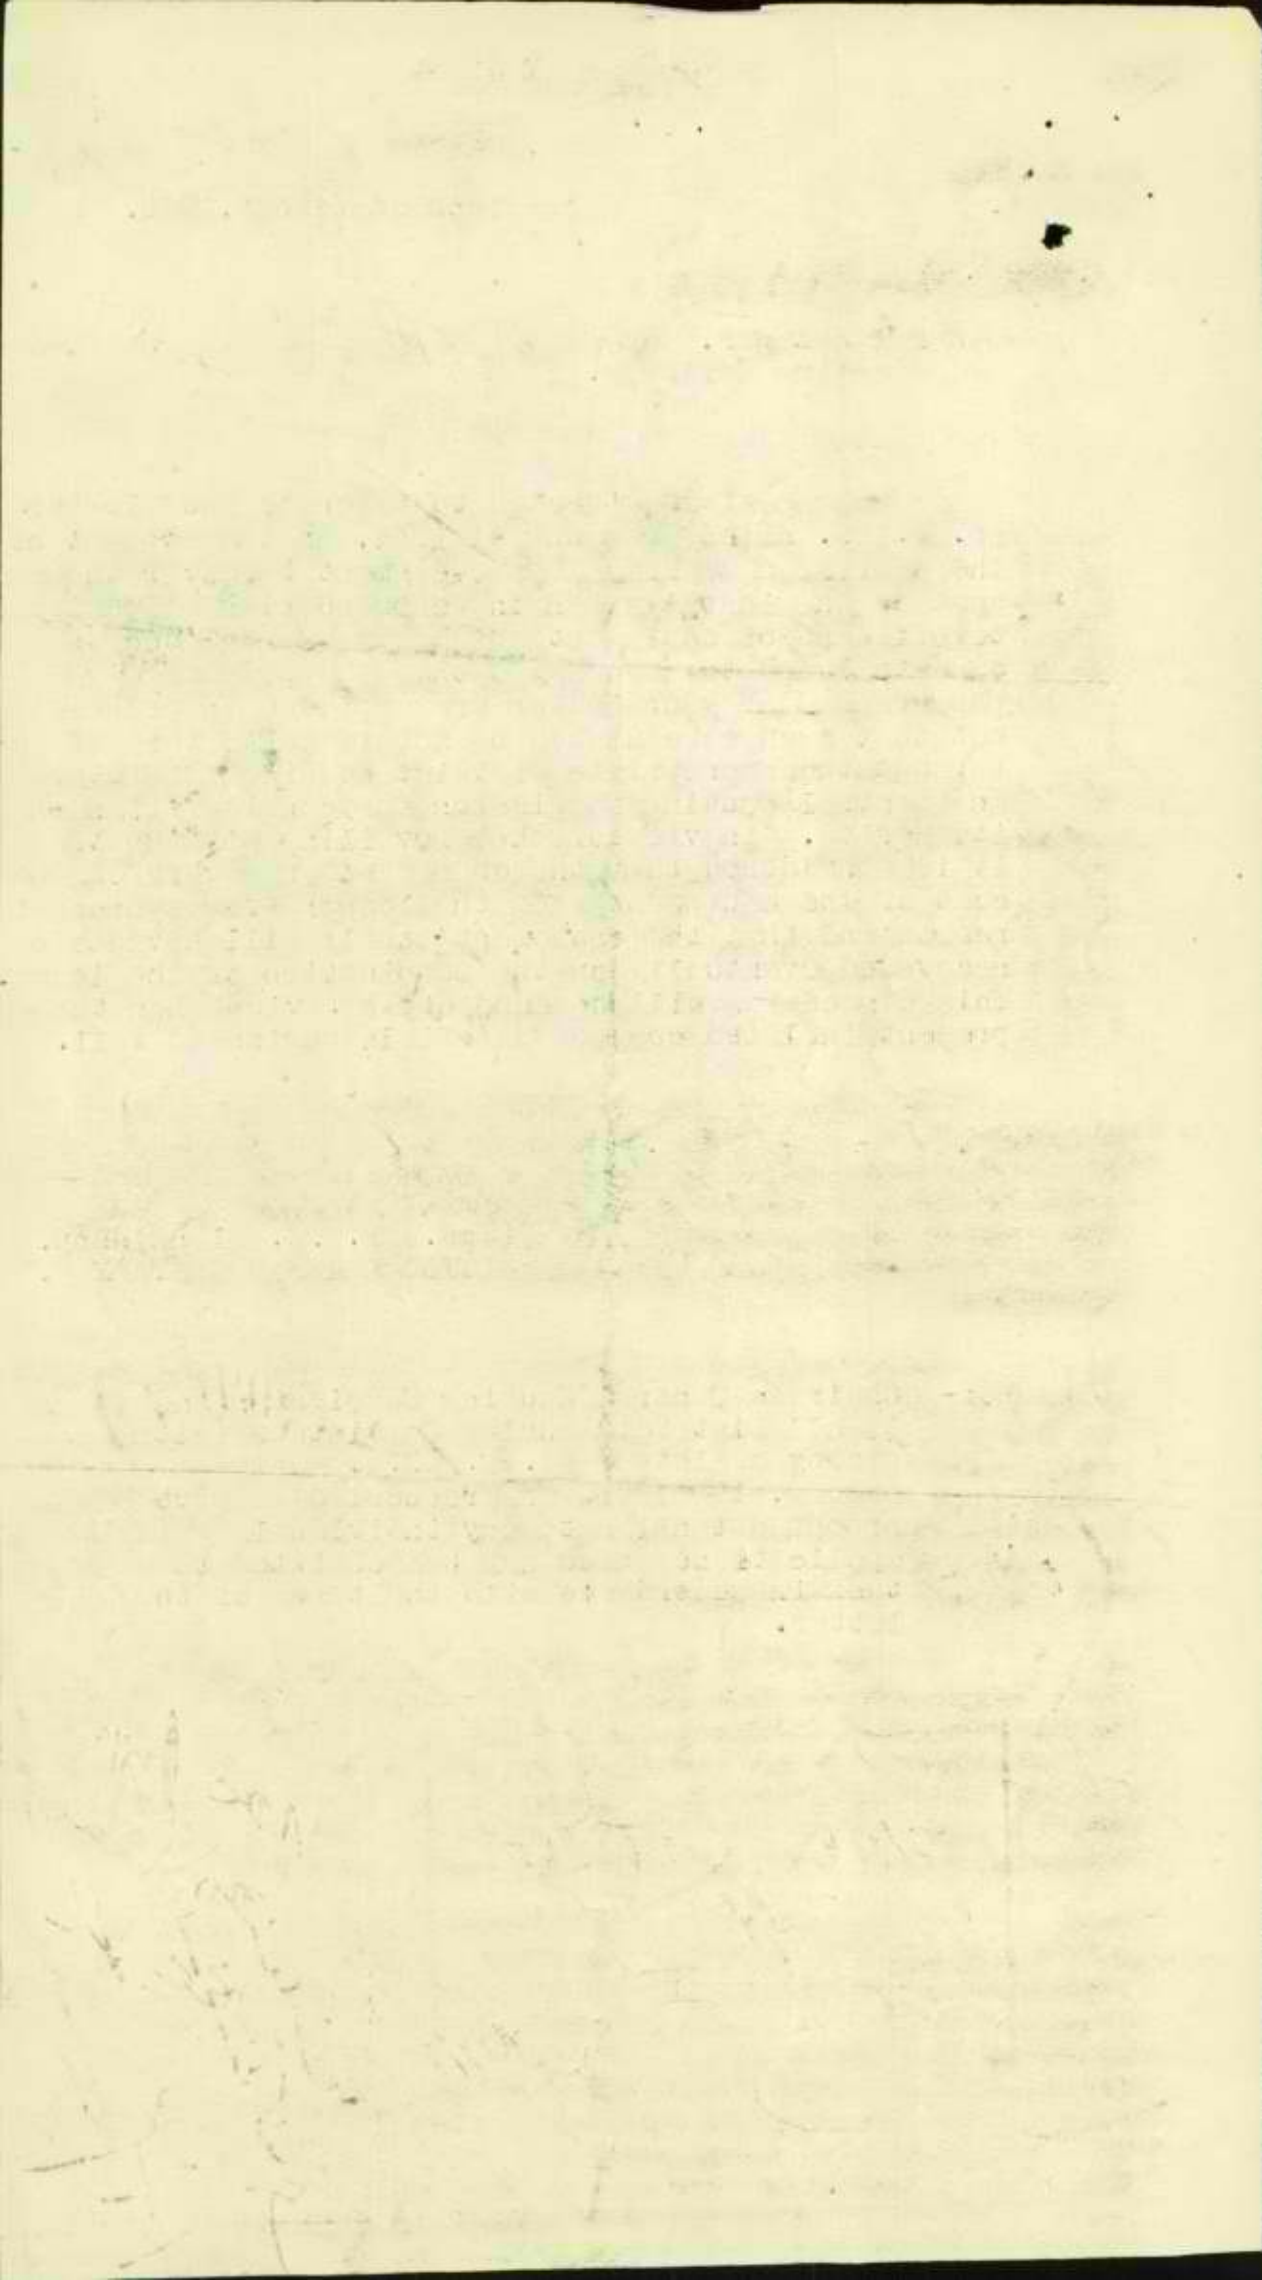

I am directed to refer to your letter No. P.139. dated 24th August 1945, on the subject of the provision of funds by Government to cover the cost of the installation in accommodation allocated to officers of equipment which may be regarded as essential and to inform you that the proposals in paragraph 4 of your letter are approved in principle but that each case should be submitted to this office through the appropriate District Housing Committee and Central Housing Commission for consideration on its merits. In view of the prevailing high costs it is considered that the chances of recovery of the cost of the equipment from the lessee are at present remote and that the equipment itself will have to be recovered eventually on the termination of the lease. This concession will be subject to review when the present inflated cost of materials begins to fall.

(Sgd.) F.W.G. Blenkinsop.
ACTING CHIEF SECRETARY .

Copy to:- Chairman Central Housing Commission and to all District Housing Committees (with a copy of letter No. P.139. of 24th August, 1945) who are requested to give prompt attention to any individual applications which may be submitted to them in accordance with the terms of the letter.

No. P.139.

General Manager's Office,
Haifa.

24th August, 1945.

Acting Chief Secretary.Railway Leased Quarters - Provision of Amenities.

It has been found, in connection with recent acquisitions of quarters for the use of expatriate officers of this Department, that the accommodation taken over is deficient in amenities of a nature which, by present-day standards, may be regarded as essential requirements and that the owners of the properties are not prepared to provide such amenities.

2. A case in point is that in which a flat taken over by this Department has no water heating facilities, the geyser having apparently been removed from the bathroom at some time prior to acquisition of the quarters by the Department. A part from the fact that hot water is not available for bathing and other purposes, the officer occupying the quarters is put to very considerable inconvenience by the necessity to carry even cold water from the kitchen to the bathroom.

The owner of the premises concerned has been approached to ascertain whether he would be prepared to allow the Department to instal a geyser, at an estimated cost of L.P.66, subject to an appropriate deduction from the rental in accordance with the provisions of Clause 5 of the Standard Lease Agreement, but no reply has been received.

3. Your letter No. R/23/31 of the 3rd September 1943 conveys approval to expenditure, up to a maximum of L.P. 15 in any one case, upon essential maintenance of quarters occupied by officers of the Department. The provision of facilities such as that described above cannot, however, be considered as essential maintenance and, in the majority of cases which are likely to occur, the expenditure involved will be greater than L.P. 15.

4. On the other hand, the cost of any apparatus or other equipment installed by the Department would normally be recoverable, either in the form of a reduction in rental or by payment by the landlord of the actual cost of provision of the facility or, alternatively, the equipment itself can be recovered, on termination of the lease, under the terms of Clause 5 of the Standard Lease Agreement.

4. It is considered that individual officers should not be penalised by being required to meet the cost of provision of amenities which comprise no more than essential requirements, but which are not provided in accommodation allotted for their use. Officers have no choice in the accommodation which is allotted to them and can reasonably expect that Government shall meet the cost of installation of such essential requirements. It is therefore suggested that the approval of Government be given to the cost of installation of any equipment which is considered to be essential for the maintenance of the normal standard of life of the officer concerned, to be met by the Department, even though the cost of purchase and installation is in excess of the maximum of L.P. 15 laid down in respect of essential maintenance, but subject to:-

- (a) The cost of the equipment and installation being recovered from the lesser by cash payment or reduction in rent; or

P.T.O.

(b) Eventual recovery, by the Department, of the equipment installed upon termination of the lease.

Subject:- Accommodation

Reference: Your P/3-270 of 21-3-45.

As Asst. Dist. Commissioner, Tulkarm, reports that no other accommodation is available I suggest that Daifallah Eff. meanwhile takes over the house of Sami Eff. and that he then looks round for a more spacious house.

If he finds a suitable house and can not come to terms with the owner he may then apply to Asst. Dist. Commissioner, Tulkarm, to requisition the house.

Sir,

Further to my previous applications on the subject of accommodation, I beg to state that the house of Ahmad Bitar which he alleged to be occupied by him in an interview with you, is still vacant.

I was given to understand by Abdul Kader el Bitar, that the said Ahmad is still living in the house in partnership between him and Abdul Qader.

The said Abdul Qader told me that he is prepared to lease his house to me in case Ahmad moved to his house, but he further states that the said Ahmad is reluctant to take this step for no reason.

Abdul Qader Bitar is prepared to support this statement in person in case you consider this necessary.

I shall never forget your kindness if you will kindly take action as to ensure that one of the two houses be leased to me taking into consideration the fact that the new house purchased by Ahmad Bitar is still unoccupied by him.

I have the honour to be,
Sir,

Your obedient servant.

I refer to paragraph 4 of the above-quoted Chief Secretary's circular and shall be grateful if assistance may be given to Mr. A.K. Jaber, Junior Agricultural Assistant in finding a flat for himself and his family consisting of 7 persons at Beisan.

2. Mr. Jaber who has been transferred from Tulkarm with effect from 24.6.44 is at present in receipt of a salary of £124 p.a. and states that he is unable to find accommodation at Beisan, thus being obliged to continue payment of rent for his family at Tulkarm and incurring additional expenditure for himself on hotel charges. It is obviously a severe hardship for this officer to continue this state of affairs.

3. In the circumstances it would be appreciated if steps could be taken to arrange for the requisitioning of the premises now occupied by Mr. Shakir Hamad who has been transferred from Beisan to Tulkarm and to allot these premises to Mr. Jaber who in turn will be ready to vacate his present premises in Tulkarm which could easily be requisitioned by the Assistant District Commissioner, Tulkarm and later allotted to Mr. Shakir Hamad.

4. This transfer had to be made in consequence of the Assistant District Commissioner Safad's request that Mr. Sabbagh should be moved from the Huleh.

A. D. C. TULKARM.

Sir,

I have the honour to inform you that to-day I received information to the effect that the house of a certain Ahmad Bitar (alias Ahmad Muhdi Karadi) of Tulkarm has been vacated recently by its Samaritan residents who left this town.

Further, I have been told that the owner relucted from leasing this house to other people for an unknown desire in himself.

On visiting the house to-day I observed that it is completely vacated and not occupied by any body.

In order to avoid requisitioning I am afraid that the owner may place some furniture therein to-day in order to allege that it is not vacant.

I shall never forget your kindness if you will kindly help me in this most important problem which you know very well, as am at present living in a very bad room which had an adverse effect upon my health, in addition to the fact that I have married and am in a bad need for a house.

If ~~no~~ step is taken to ensure that the house is vacant and if the owner knew about my attempt to requisition his house he will undoubtedly ~~make~~ spare no effort to confirm that his house is occupied, or alternatively that he needs it for himself.

sealed I suggest that this house be ~~waxed~~ or the owner be summoned to lease his house to me ~~in=~~ and thus I will not loose this scarce opportunity.

Thanking you in advance.

I am,

Sir,

Your obedient servant.

FOOD CONTROL OFFICE

NATHANYA.

17th July, 1944.

District Commissioner,
 Samaria District, Nablus.
 Through:- Assistant District Controller,
 Samaria District, Nablus.

Sir,

I have the honour to address you on the question of my accommodation at Nathanya. The plan for the building of Food Control Offices included the provision of a small 3 roomed flat for myself. I have in the meantime decided to get married in the near future and the close proximity of the flat to the offices renders my original intention of occupying it impracticable. It could however be utilized for the housing of officers of the Food Control Organization who are domiciled in Tel-Aviv and have accommodation of the most tentative unsatisfactory nature in Nathanya.

I am residing at present in a room belonging to a three roomed flat occupied by Dr. Kupperstein, Veterinary Officer of the Department of Agriculture. Dr. Kupperstein is shortly to be transferred to Tiberias and my present application is that his flat should be requisitioned by Government for my use on the day that it is vacated. I understand that the new Veterinary Officer is Dr. Firun of Tel-Aviv and that the Department of Agriculture is proposing to accommodate him in the flat now occupied by Dr. Kupperstein. In this connection I would observe that Dr. Firun is the owner of a house in Nathanya which he is entitled to claim for his own use. As to the provision of alternative accommodation for the present occupants of his house I respectfully suggest that they be offered one of the flats now being built by Mr. Vernikoff for Government Officers. Alternatively should Dr. Firun not wish to reoccupy his own house, he might be accommodated in one of the flats now under construction by Mr. Vernikoff.

I would explain that I base my application for the requisitioning on my behalf of Dr. Kupperstein's flat on the ground that I occupy a room in it for the past eighteen months. The rental of the flat is £7.-per mensem and if I were to find alternative accommodation the cost would be not less than £9.-per mensem. My impending marriage will involve me in considerable expense and I should therefore greatly appreciate Government's assistance in the matter of my accommodation.

I trust that my application will meet with your favourable consideration.

Alternatively should Dr. Kupperstein wish to occupy his own house, he might be accommodated in one of the flats now under construction by Dr. Kupperstein.

I would explain that I base my application for the requisitioning on my belief of Dr. Kupperstein's flat on the ground that I occupy a room in it for the past sixteen months. The rental of the flat is 12 per annum and it is not an alternative accommodation. I understand the cost would be not less than 12 per annum. I think the whole matter could be settled by your ordering Abdul Eff. Jaber to hand over the key to Shakir Eff. Hamad and also by ordering Kamal Eff. Sir,

I beg to state that since approximately a year I have married after being single and living in my father's house at Dennabeh village where suitable accommodation is not available. My continuous efforts to find a house at Tulkarm for the last year have been non-beneficial;

Three months ago I was given to understand that the accommodation of the Agricultural Inspector, Abdul Karim Eff. Jaber will become vacant due to his transfer to Beisan. After certain negotiations I have agreed to rent his house on payment of rent in advance. This step had already been taken, but when the execution of the transfer of the Agricultural Inspector took place ~~bet~~, Shaker Eff. Hammad, the Agricultural Inspector replacing Abdul Karim Eff. Jaber, requisitioned the house by your authority.

As I am a Government officer and carrying difficulties in living I shall be grateful if you will kindly arrange to requisition the house of Ahmad Karadi from Tulkarm, which I have understand to be vacant and closed since a considerable time. This house is situated in the main road of Tulkarm Railway Station and not occupied by any-body.

Trusting that necessary arrangements be made to fulfill this question, especially when I am in a bad need for a house and thanking you in anticipation.

An exchange of Agricultural Inspectors is being made between Tulkarm and Beisan, Shakir Eff. Hammed replacing Abdul Eff. Jaber in Tulkarm on July 1st. The former asks if the house at Tulkarm, the property of Mahmoud Eff. Younis (School Master, Education Department, Nablus), formerly occupied by Abdul Eff. Jaber could be requisitioned for him at a fair rental. I should be grateful if you could assist in this matter.

Subject :- Requisitioning of Houses.

Sir,

Most respectfully I should like to draw your kind notice to the fact that about 6 months ago I have been informed that the house of a certain "Qattawi" has been vacated. On negotiation with the owner to lease this house to me I have been informed that this house will be occupied by the owner himself. After a short period I received an information to the effect that the owner attempted to lease this house to another person, which fact was immediately reported to the District Officer, who has in turn, interviewed Abdullatif Eff. Qattawi and enquired about the situation. In reply the District Officer was given to understand that this house will not be leased to anybody except the owner and in case it will, he will ~~not~~ lease it to me through the District Officer.

You are undoubtedly aware of my worries with regard to accommodation and that I am living in a most unhygienic single room which is in no way suitable to me.

I have to-day been informed that the house has already been leased to certain people not originally living in Tulkarm.

I shall therefore be glad if you will be so good as to take the necessary steps to requisition this house, especially when the owner promised the District Officer that the house in question ^{from} will be leased to me in case the owner became reluctant ~~of~~ moving to Tulkarm.

Trusting that this matter be dealt with sympathetically, and thanking you in advance.

This house is situated
under Block 8/99

Parcel 89.

The above mentioned officer was transferred from Agriculture Headquarters, Jerusalem in September 1943 and since this date he has been unable to find suitable accomodation for transferring his family which is composed of wife, child, mother and servant to Tulkarm. Needless to explain the hardship which is being sustained by this officer.

It came to my notice that a number of houses are expected to be evacuated by the Military Authorities shortly and I shall be very grateful if I may rely on your good help in securing a house for the above mentioned officer, preferably one nearer to the school as this officer is in charge of the Animal Husbandry Section on the farm and he may be called to come to the Cowbyre at any time during the night.

Ref'nce :- Your 1078/ of 10.1.1944.

The Qadi, recently transferred from Tulkarm, rented a house opposite to the entrance to the Kadoorie College.

2. The landlord is living in a flat in the town together with a family of 15 persons and now wishes to occupy this house, as he complains. I think, quite justifiably that he is over-crowded in his present flat.

3. The new Qadi who, I am told, was living in a two roomed house in Tiberias strongly objected to taking the flat in lieu of the old Qadi's house, although the flat was larger than his former house in Tiberias.

4. I visited the flat and the house in question. The flat is in quite a good state of repair and appeared to me quite a suitable residence though not as good as the old Qadi's house. P. 18

5. The landlord, fearing requisitioning of the old Qadi's house, said he would rather let the Qadi have his flat rent free.

6. Having regard to this and paragraph 2(a) of Chief Secretary's letter No. W/98/41 of 4th January, 1943, I informed the Qadi that I could not see my way to intervene.

Sir,

In connection with the transfer which have recently been made amongst the Sharia Qadis, we learnt that the owners of the houses which were previously occupied by the transferred Qadis in Tulkarm, Tiberias, Haifa, and Nazareth, are refusing to deliver their houses to the Qadis who are replacing the previous occupiers. This act will certainly cause a great inconvenience to the transferred Qadis in the present circumstances.

We shall, therefore, be glad if you will be kind enough to extend every possible assistance in providing accommodation for those transferred officers, by granting them the right to occupy the houses which were previously occupied by their predecessors.

Subject:- Mr. Franco, Mrs. Boim and Mrs. Eisenstein's house at Nathanya.

Reference: Your W/31/41 of 9-3-43.

The house referred to is the one which it is proposed to take over for a clerk's residence in Nathanya.

2. The owners of the house, who were living in other flats entered the house with a duplicate key and installed themselves without authority although it was leased to Government till June 1943.

The District Officer, Nathanya, has applied to the Courts, on my behalf, for an order of eviction but owing to the rather long notice that is necessary the case will not be heard for at least a month.

3. Paragraph 4 of Mr. Goitein's letter is not true. I informed the owners that I would consider whether we could take over the flats in which they were living and let them go into their house but before we could discuss the question in detail they took the law into their own hands. Before we even knew that they had left their flats they were taken by other people.

=====
Sir;

I have the honour to refer to the Chief Registrar's letter No. C/4/310-8315 dated 7.12.42 in which he directs that as from 1st of next muharram I will be required to reside in Tulkarm, and beg to submit that I humbly pray that you will re consider your order due to the following circumstances:-

2. Immediately I received the letter of Assistant District Commissioner, Tulkarm, dated 30.11.42, I tried immediately to lease one of the three houses mentioned in the Assistant District Commissioner's letter but to my regret I found the houses occupied long before I received his letter.

3. I attach herewith copy of Assistant District Commissioner's letter addressed to me dated 30.11.42 and copy of my reply to his above letter.

4. Furthermore I have requested the assistance of His Worship the Mayor of Tulkarm, and I attach herewith original copy of his letter in which he informs me that there are no houses available.

5. In view of the fact that Muharram is now at the door and as there are no houses available at Tulkarm, may I be allowed to live at Haifa temporarily until we are able to find a house or this housing crisis is over.

6. If I am allowed this, I will not claim any subsistence at all for the days I stay at Haifa. My only request is to be allowed to use car transport from Haifa to Tulkarm and back once a week only instead of using the train, as the train time table has been changed, as I have already reported before, and that this change makes it exceedingly difficult to cope with my work.

fact I must sacrifice at the present
economy of Government; still however, the use
of private transport from my house at Haifa to the Railway
Station at Tulkarm to the Court. If we
add the expenses plus the Railway fare we may come at the end
to the conclusion nearly as using the train.

ZIPORA BOIM,

February the 25th 1943.

NATHANIA.

The
District Commissioner,
Nablus.

Sir,

After the visit of the Area Hiring Officer in our premises in Na--thania, to day, we feel it our duty to inform you that we deeply regret the measures we have taken in occupying our premises, leased to the Military and vacated by them some time ago, before receiving an official notice.

But, as you are aware, Sir, we have suffered considerable damage and inconvenience when our house was requisitioned by the Military, immediately after its completion. We willingly accepted the inconvenience in our desire to further the war effort, and in addition to our moving to cramped quarters, - consisting of only two rooms for six persons of the family Franco and two rooms for both families Boim & Eisenstein -, instead of remaining in our house, invested large amounts at the request and for the benefit of the lessees. These amounts represent over 300 L.P.

When we have learned that the intention of the District Officer Nathania is to billet civil servants in our house and supported in this view by the pressure the District Officer brought to bear upon us informally to allow the house to be used by civil servants, a suggestion which we strongly resisted, we permitted ourselves to apply directly to the A/D. Commissioner Tulkarem and undirectly to you.

You have been generous enough to instruct the District Officer to study the alternatives we have offered in order to resolve the question of accomodation for the officers concerned.

On the other hand, the reply given to us by the District Officer, the day after, was entirely unsatisfactory, as he formally suggested that we have to obtain from the owners of the vacant houses a written statement that they accept to locate in their premises the families in question, consisting of five children each. And here, Sir, we met with a very deep sorrow with the reality that no owner of a house in Nathania can willingly accept these two families to live in their premises, for reason you are ofcourse well aware.

We appreciate very much the difficulties under which your department is labouring for lack of accomodation, but under the a/m circumstances we felt that for our sake and for the sake of our childrens health we must strongly object to be deprived of the use of our house, constructed with our last economic

Taking in consideration that the Military returned possession of the other house in front of us and was prepared to return possession of our house as well, we heartedly beg of you to excuse us for the action made by us, possibly in the wrong, but as a result of our great dismay, and consider this matter as closed.

The A/D. Commissioner,

Sir, We must admit that you have been very kind to us in dealing with this matter and you have tried personally to help us within your power and therefore we specially regret if our action has caused you any trouble, but, Sir, you will ofcourse remember that that we considered of reoccupying our house as a very pressed one and very

Sir,

We were told that your office is looking for accommodation for three of your employees in our house occupied until now by the Military.

Consequently, we beg to ask you herewith to reconsider your decision in view of the difficulties with which our families are now confronted. The family Franco of six persons lives in two rooms; the families Col. Boim-Szwarc and Eisenstein both in two rooms only.

On the other hand, in order to help your office to resolve the problem of accommodation for your employees permit us to suggest the following: One family should occupy two rooms in Mr. Sudak's House, the latter consenting to this; the other family could occupy the same two rooms in Dr. Ben - Amar's House which are at present free and were always rented. For the third one we propose to find accommodation in our house. May we add that the husband of Mrs. Boim is serving with H. M. Forces.

Hoping that the a/m suggestion will be given careful consideration and our proposals will be accepted,
